

PERFECTION

is always under construction

We are professional team ready to help you today!

WE TAKE **PRIDE** IN OUR **WORK**

K & A Construction was founded in 1988 by 2 partners and has grown steadily employing over 60 PAYE full time employees. Our clients include local authorities, various architects and larger building contractors. Our team consists of all of the trades needed to complete a construction project from start (initial ground work) to finish (decorating & finishing).

We focus on delivering a good quality product on time at the right cost, encouraging innovation and learning. Above all customers come first. Customer satisfaction is what we strive to achieve on every development. Through the quality of the team's work our client base continues to grow year on year. Our growth has allowed us to provide a firm base for the business to develop, investing in the quality of our staff and our offering to the customer.

- 1 Housing** From simple repairs or single storey extensions to huge regeneration schemes, K&A Construction have the knowledge, experience and capability to transform lives through more comfortable, sustainable, economic and aesthetically pleasing homes.
- 2 Education** K&A Construction have extensive experience when it comes to delivering first class education projects, from the redecoration of a staff room to a brand new science block.
- 3 Electrical** K&A Construction's Electrical Division carries out a wide range of works, working on Construction projects with K&A's "Construction Side" and also independently with their own client base carrying out Installation, Testing and Maintenance works.

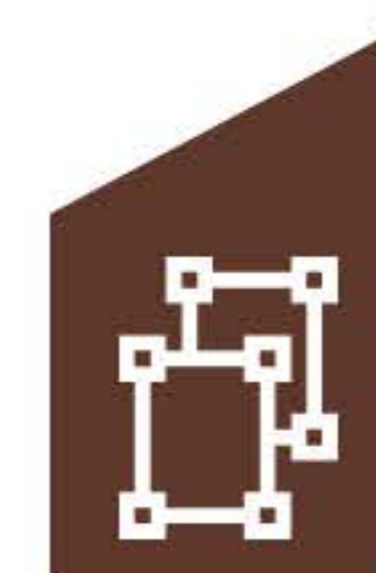

WHAT MAKE US DIFFERENT ?

We have a committed and highly experienced and coordinated team to add value throughout the preconstruction stage, leading seamless through the construction stage to completion.
